nonneed for the republican proposition, and the democratic party then remembered that it had always favored specie payment, and soon thereafter declared that nothing could be money, or ever was money, but gold and silver. What was very remarkable during this whole period was the democratic habit of declaring the country, followed by enthusiastic acceptance by itself of every such measure in its own tariff affords the principal theme of discussion. trat the republicant have not reduced the taruff; another branch of it complains that they have reduced it too much. On the one av it will take with its accustomed enthusible to the republican position. It is a "conits salvation lies in the fact that its principles. est very basy on the members of the party, and the times, or held in abeyance if the require-

tow path and think their party ought to have emething like a policy of its own. One of

suffrage in England, weiles to the Patt Matt. sense which he means is not power in any de-Gazette: "It is said sometimes that women partment of life in which the sexes will come themselves do not wish for suffrage; a similar into competition. argumon, has been made against every extenargumon. has one and a spainest already every or's Mouthly to show that the munuers and great reform. It was said that the slaves did speech of public men in Washington's day were not wish to be free, that the nonconformatis far more rencovers and indecent than at did not wish for the repeal of the tests and cor-poration acts. It is an old story. Those who probably guided by the opinions of ladies whom they meet in scociety; but surely the last genoral discrete Probably position was a sufficient proof that scociety and the English people' are not identical expressions. Some of us are not content; we are saying for 'reedom and for representation on ppg for 'reedom and for representation on exactly the same grounds on white our fathers and forefathers asked for it and won it."

Hereo's Baser.

while recognizing its high and noble on pose, makes the just observation that the refued One branch of the democratic party complains that the republicane have not reduced the says: "To feel more, in a world like him is to says: "To feel more, in a world like him is to they have reduced it too much. On the robor tariff and of the republican party for supporting it on the other there is complaint that some of the protective duty on pertain products I as been included. And the party stands capitally really to favoriffee trade or protection, as its political interest may seem to require. So som as it can see which way is most likely to win, that the resolution of a man of interest sympath for in the existence the midst of beautiful last souls wan oring blindly through the wilderness of life, to whom hu can render no help? If there is a reast nable Will out a better lot for those who are to come after if, in short, we have some prespect of realizing our ideals, and of contributing, be sever slightly, to the making of the life of man roller and happier than it is to day—then al this culthe higher life and contribute to the progress of the world. But, if not, what is it but an atol- and

the house on Monday last, saying: "What the demort-lic party wan is funerals; funerals in New York, funerals in Indiana, funerals in Ohio. It should have he barnedes and coppers sitting fere a few days ago, and a suspirity of that committee did not even have originality and independence enough to find a place in the United States wherein to holds a convention outside of the place where the republican convention was to be held. He (the speaker) had traveled long enough in the wake of the old paraseles of the democratic party who were following the republican party. He wanted a little new blood in his party, a little independence enough to strike out for once on its own hook."

When a party simply wants the apoils of victory, and don't know what else it wants it is not likely to have much "urigicality," or "undependence." For many years the democratic party in the provision that a strategie would be restricted, where words than the special correct descriptions of the party simply wants the spoils of victory, and don't know what else it wants it is not likely to have much "urigicality," or "undependence." For many years the democratic party processes and practice of the country of the cou Tis not yet actually possible to tell whether there is any considerable quantity of gold in

tries is a grand failure. This, indeed, is a highly probabble-real. Belt indight havotic in penels. During the winter of [36] stories became prevalent hery of a wonderful "find" money of gold somewhere in the region of thei upper Chumbra. People began to talk of "the Col will mines," and the excitemen became general rush up the Columbia, but as the crowde who had taken the road for the mines are improached the locality where the mines were supposed to be the stories grow thinner and tumber, [IIII they wonlebed at lost into the argument of the byokane. The gold hunters couldn't find any mines, and returned with a lesson that did hom good. Nothing is more acceptes the money of the money influence and these "stampedee," and the stories grow thinners and the present may not prove as processing on the goal platean on it these "stampedee," and the stories grow thinners and the present may not prove as processing with the sense which he means is not power." It has been greated the power to mean and will acquire too much and the present may not prove as processing with a lesson that did hom good. Nothing is more acceptes than one of these "stampedee," and the street power is not power." It is breed upon a different education of the spokes of the most influential fedders of the movement to secure rooman.

Mrs. Fenry Paweott, one of the most influential fedders of the movement to secure rooman. The power is any decision of the power to the processing with a long that the restriction of the spokes of the movement to secure rooman. The power is not proved in any decision. The following resonance and the first the mines were acceptant as the process of the movement of the stories of the power is any decision. The following resonance and the process of the movement of the stories of the power is any interest. There is a least threat in and control are involved to that church, lead to the church, lead to the control are involved to the column and the power is anot proved to the column and control are involved to the column an mid the present may not prove an exception.

Mrs. Every Phweett, one of the most influent that "knowledge is power" than the which prevails with us. Culairs a the ledge contained that which prevails with us. Culairs a the ledge contained that which prevails with us.
